DK

AYO er en sofaserie, der med sine afrundede former og komfortable polsteropbygning er skabt til optimal afslapning. De afrundede former og den bløde polstring får elegant modspil af bevidste linjer, kontrastsyninger og lette ben i træ. Fyldighed og nordisk lethed kombineres elegant i et blødt udtryk. AYO er inspireret af strandsten, der er slebet runde af havet. Leveres også som høj og lav stol i stof eller læder.

GB

AYO is a series of sofas. With its curvy smoothness and soft padded construction is created for absolute relaxation. The smooth curvy shapes and soft padding are contrasted elegantly by a functional design, contrasting seems and light wooden legs. Voluminous softness is cleverly combined with Scandinavian lightness in a smooth feminine design expression. AYO is inspired by the smooth shapes of stones from the beach, which are rounded by the waves and sea. AYO is also available as a high and low chair in fabric or leather.
